UP UP UP
WITH MY HEART

UPUPUP

Underneath the sky + My heart in pieces lies + Dropped and broken by some careless hands + I wish my heart could fly + If brave enough to try + A whisper from above tells me it can + "Believe! I'll sweep you off your feet" + And then He went.. + Up Up Up + And away with my heart + Feeling good good good + No worries that it's gonna fall + Feeling lighter on my feet + Cos deep inside He's changing me + Up Up Up with my heart + Some say that love is blind + And dangerous a find + The world is turning red from bleeding hearts + Cos hearts are prone to bruise + In the hands of amateurs + I lift my eyes and shattered pieces too + I believe, I'll let you sweep me off my feet and + My heart has been saved + Trusting all You say + I feel it fly away + Through the bluest sky + Take me on a ride + Place I've never been before + never been before + Setting my sights high + Watching birds fly by + Knowing I can fly + But not without You + Takes my breath away + Caught up in this perfect Love, in Your perfect Love +

MEANTTOBE

Our eyes un-dry In the wake of war + We're both broken From catapulted words + Sweep up the pieces + Cos Love has to do this + Cos' it's you and me on this thriller ride + I love you, love me through the curves of life + But oh... we're not perfect + But you and me were meant to be as one + Unplanned bumps can catch you by your toes + Your wounds are Mine too + You are not alone + Dust off your shoulder + Cos I'm here to hold ya + I see the worlds around me crumbling down + "It don't work, set it free" but that's not for you and me + We'll stay together + I hear a lot that there is more to see + Shop around, settle down with somebody else + But we said together + Cos this is forever + With I love You +

PIEINTHESKY

Hello pie, in the sky + If only I could reach you + Hey pie, drop on by + Cos there's so much you and I could do + Why do you stay so far away + Can't you come down + Must you linger all day + Could it be that I want what I see immediately? + Do I wait for the timing to be just right, not mine, and trust it's all in love? + There are eyes in the sky that know me more than I do + There are eyes trumping mine by at least a billion years or two + He said I see the pies floating by apple of my eye + Your dreams are not far for hands that hold the stars + Could it be that I want what I see immediately? + So I wait for the timing to be just right, not mine, and trust it's all in love + Ooo riding on the crest of a wave + Ooo trusting every thing that You say + Ooo riding on the crest of a wave + Ooo believing every thing that You say + I'm looking into the sky with my hands held high + The reach is not far, for me to trust Who You are +

UNFORGIVENESS

Didn't really even notice + That you had made a home inside me + But I can't have you there + If ever I became suspicious + I'd close the other eye to hide you cos I can't have you there + You're as silent and still as the night + Closing those counterfeit eyes + Goodbye, So long + I recognise what you are + And I don't want you in my heart + Farewell dark friend + I won't let you disguise as truth + Unforgiveness + Thought I had you on a short leash + Didn't think that you could harm me + Cos I can't have you there + Till Jesus woke the sleeping giant + I had to set your world on fire + Cos I don't want you here + I know it's time for goodbyes + I don't want you here right by my side + You're unforgiveness + Go on Go far away + Bye bye you will not stay + You are not welcome here anymore + Cos you're unforgiveness

FORYOURPURPOSES

Darkness has left now + Here comes the early morn' + Break up your unplowed ground + For it's time to seek the Lord + We are your people + Passionate for You + With dust on our feet we walk + Seeking fellowship with You + You call me "chosen one" + Ways unseen on my own + For Your purposes + Our lives we give + In You we find + Freedom to live + For the plans we make + Leave us wanting more + Streams of life water this soil + Miles still between us + Though our paths are straight + Perfection is lands away + But your grace covers the days + Secure in Your promise + Dragging not our feet + By faith we are walking firm + With great hope and hastened strength + We live for You + Giver of life + Keeper of love + We have come running + We have come thirsty + Wanting for You + And only for you + La da di da We want You Lord + We want You Lord +

OVERWHELMING

I know hands steady the sun + To light up the world in my eyes + Something is calling me home + Something is calling me home + My heart with the moon lifts in flight + Rising to heaven's invite + Something is calling me home + Something is calling me home + I open my eyes to all You have + Break in the light + Rush darkness out + Capture my heart + Light shine through me + Cos I know, that You know my name + You love me more, more than anything + Hung the moon and the stars for me + It's Overwhelming + The stars entertaining by night + Deeper they draw my delight + Someone is calling me home + Someone is calling me home + You have done more for me than I could repay + You deserve all of my love + You're overwhelming + How beautiful the silent song they sing + To the one heaven crowns as King + How could I join, with such a sound as this + He's overwhelming + There's no words to say to capture how great + How great is the love from Jesus + There's no words to say to capture how great + He's overwhelming

WHATWENEED

We shout across our picket lines + Hate dispensed where love's run dry + Think we're right, it's black it's white + Find a cause and divide + We've left all Your ways to speak our minds over Grace + What we need is You, Jesus + What we need is You, Jesus + For every loss hold out hands to the Cross + What we need is You, Jesus + Money talks and lies are told + Nations lost in lust for more + But it sprouts its wings and it flies away + Here today but will not stay + Hearts that are empty and poor + Need Love's throne to be restored + What we need is Change + And hearts to love again + I know You to be all that we need +

FATHEROFLIGHTS

You see me + Calmer of troubled seas + I know my ship won't sink + You're my help + You meet me where I am + You are the Lifter of my head + Lord You pull me in + Close to your side and I hear Your beating heart + I know that You love me + You always tell the truth + I know that You just cannot lie + You are faithful as sun is to day + More precious than my words can say + Father of lights + Father of lights + When the wind and the waves start to rough + Then you whisper "I'm more than enough" + More than enough... + More than enough... + Father of Lights + You've revealed Love that will never leave + Amazing Grace it follows me + And Lord when I am weak + You give me the strength that I need to soar with wings + You've called out a life from where there is nothing seen + My eyes have beheld Who You are + You are the hope + I'm holding today + You never fail, Your love never sways + Though seasons change + You're constant and true + Faithfulness flows from You + Jesus, I love you

SWEETFORGIVENESS

I thought I could do it + Bend the rules and not fold + So I traded all I owned + For a piece of fool's gold + I know You're waiting + For me to see the gallows disguise + Sweet Forgiveness + Come near me by morning, near me by morning + Mercy's new day, rise up and shine + I know that you know it + But like Eve I hide + Cos I've craved the forbidden fruit that was poisoned inside + I know You're waiting + For me to leave the shadows behind + Just because yesterday looks a lot like today keep on trying + If you think tomorrow's gonna look like today, don't believe it +

BLUESKYEYES

Look sad eyes + I hate to watch you cry from my view I can see + The sunshine + Is right behind the clouds if you'll hold tight for Me + You're an ocean of emotional waves + And I'm feeling there's a season of change you'll see + Blue sky eyes, you know the rain will pass you by + When you smile + It warms my heart like summer because I delight in you + When faith sings + It lets me make things possible + Open up your heart and see + Rain fall is necessary for the seeds to grow + Sunlight is coming for the blossoming + Otherwise you'll never know + How I see you My blue sky eyes +
